

Thank you for granting me the money to attend D4K boot camp at Riding right farm. This allowed me to ride with Gail Kapiloff a clinician that worked with me on specific ways to improve my dressage test scores. We also practicing riding in larger groups working on equitation. When we weren't riding we studied for our written test. I found these three days of boot camp very helpful while competing at D4K. I really appreciate all you do for young riders like myself.

Sincerely,  
Nicole Wilbur
