

I am incredibly grateful to Dressage4Kids for generously awarding me a scholarship. Equestrian sports are not for the faint of heart, and without the support of Dressage4Kids, I would not have had the same opportunities to learn, challenge myself, and become a better rider and horsewoman.

Dressage4Kids is much more than a program where young riders gain knowledge and experience. It is a stepping stone toward accomplishing dreams and a community filled with people who believe in you and genuinely want to see you succeed. No matter your age, gender, the size of your horse, or its breed, Dressage4Kids sees potential in every rider. There is a remarkable sense of partnership, encouragement, and care within the program, and I am truly thankful to be a part of it.

Thank you for investing in young riders like me and for helping make our goals and dreams possible.
