Thank you, Dressage4Kids, for giving me a scholarship to attend the D4K TEAM clinic with Lendon Gray. It means a lot to me that you gave me the opportunity to learn more and improve my riding. The clinic helped me learn a new way of riding my pony, Snapchat.

Dressage4Kids is great for all kinds of riders, and Lendon teaches you how to respect and understand your horse. Lendon helped my with my corners and steering. We worked on keeping the trot speed the same and having a steadier contact. I also really enjoyed talking to the other riders in the clinic and getting to know them. I liked watching the other riders because it helped me learn more about riding. I really liked how much Lendon cares about the horses. I had so much fun and learned a lot. Dressage4Kids is an amazing opportunity, and I would definitely recommend it to other riders!
